Stationary Quiz

Description: Students will review the questions “Is there…?” and “Are there…?”

Language Point: Questions and Yes/No Answers

Preparation: Make copies of the handout.

Instructions: Review the structure “Is there…?” and “Are there…?”

You can ask your students a few questions about items in the classroom.

For example:

1. Is there a blackboard in this classroom?
2. Are there windows in this classroom?
3. Is there an air conditioner in here?

Give each student a handout. Students should work in pairs to answer the 5 simple questions about the pictures. After answering the 5 questions, students should look at the last picture and think of 3 questions for their partner. Check that your students are using the correct structure.

Bonus Activity

As a fun class game you can hide some objects around the classroom.

On the board write a few questions. One for each object you have hidden. Students can work in pairs to search the classroom for all the items you have hidden.
Stationary Quiz

1. Is there an eraser in front of the cup?
2. Are there 4 sheets of paper behind the cup?
3. Are there 4 pencils in the cup?
4. Are there 5 pencils in total?
5. Are there 12 pencil crayons in the picture?

Ask your partner 3 questions about this picture. The answer To your questions should be Yes or No.
